

ADDITIONAL BREEDING SHED REQUIREMENTS

Please note that all Mares coming to the breeding shed must be vaccinated for Equine Herpes Virus Type- 1 (ie. Rhinomune, Pneumabort-K, etc.) from 7-90 days before breeding.

A statement from your veterinarian to this effect must be furnished by the farm and accompany the mare to the breeding shed.

Please contact Crestwood Farm if you have any further questions. Thank you for your cooperation with this requirement.
